I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: as long as a doctor  
prescribes I think this shipping is  
OK. The type of combination of natural  
hormones in the right medication (capsule, gel  
etc) is not available locally. I do not  
want non natural hormones.
